

Afforestation Grant Scheme Tender Form

FOR OFFICE USE ONLY

Date received:

Client/Grant number:

APPLICANT DETAILS (Enter agent's contact details if applicable)

Name:

Postal address:

Phone:

Mobile:

Fax:

Email:

LAND INFORMATION

Certificate of Title identifier and legal description of property:

Tender is:

Conditional Unconditional (Tick one)

If conditional, what is the application dependent on? Consider land tenure (freehold vs leasehold); completion of a sale, a forestry right or lease; or the granting of a resource or any other consent.

Location and access road:

Has an application for the same area been submitted to a regional council pool? Yes No (Tick one)

Are GIS shapefiles available for the tender area? Yes No (Tick one)

SITE PLAN

Please append a site plan (map, plan or aerial photo) with property boundaries and a map reference (easting/northing) to assist location showing the area included in the grant application. Clearly show any areas to be established in different years, and any areas of ineligible land. GIS shape files are preferred.

ENVIRONMENTAL BENEFITS

MAF will assess the site and proposed management plan for soil erosion, water quality and biodiversity benefits.

Are there any further environmental benefits of the proposed project? Attach relevant supporting information such as consultants' reports, maps, DOC or council information.

PROPOSED MANAGEMENT PLAN

PROPOSED MANAGEMENT PLAN – HIGH SEQUESTRATION RATE FOREST

Tender rate (\$ per hectare):		Total area* (hectares):		
Species	Area (hectares)	Year of operation (e.g. 2010)	Stocking (stems per hectare)	Proposed forest establishment and maintenance operations (e.g. animal control, fencing, planting, releasing, fertilising, thinning)

PROPOSED MANAGEMENT PLAN – LOW SEQUESTRATION RATE FOREST

Tender rate (\$ per hectare):		Total area* (hectares):		
Species	Area (hectares)	Year of operation (e.g. 2010)	Stocking (stems per hectare)	Proposed forest establishment and maintenance operations (e.g. animal control, fencing, planting, releasing, fertilising, thinning)

* The area of both the high and low sequestration rate categories together must be greater than 5 hectares. Refer to the *AGS Guidelines* for information on sequestration rates and other land eligibility criteria.

DECLARATIONS AND CONSENT TO USE OF INFORMATION

I/we hereby declare that the above statements and particulars are correct and complete and that the information supplied by me/us shall form the basis of an Afforestation Grant Agreement.

I/we hereby declare that no part of the application area has been approved for the regional pool of the Afforestation Grant Scheme, the East Coast Forestry Project, the Permanent Forest Sink Initiative, Emissions Trading Scheme or any other government assisted afforestation project.

I/we hereby declare that if any part of the application area includes a historic place or area, or archaeological site or is subject to a heritage covenant, authority has been obtained from the Historic Places Trust.

I/we hereby declare that no part of the application area includes Significant Natural Areas, Sites of Special Wildlife Interest, or Recommended Areas for Protection, unless by prior approval of MAF.

I/we consent to information contained in this application being used to inform New Zealand's national and international reporting and accounting under the United Nations Framework Convention on Climate Change and the Kyoto Protocol (or an equivalent international agreement).

Signed by applicant:

Date:

Status: Registered landowner Forestry right holder Lessee Trustee Other authorised signatory (please specify) _____

The Scheme Administrator reserves the right to allocate any tender to the high or low sequestration pools, or to decline any tender.

RETURN APPLICATION TO:

Afforestation Grant Scheme Tender, PO Box 2526, Wellington, 6140
